

# 7th Year of Tara and Jasubhai Mehta Fellowships to **PROMYS**

Program in Mathematics for Young Scientists

## **Challenging and Intensive Online Immersion in Mathematics July 4 - August 14, 2021**

Professor Glenn Stevens: Director of PROMYS

**Mehta Fellowships are Full Scholarships to PROMYS  
for Mathematically Talented Students from Across India Age 14-18**

**Interested in joining mathematically ambitious secondary school students,  
undergraduate counselors, faculty, research mentors, and guest mathematicians  
for PROMYS's 33rd summer of intensive mathematical exploration?**

- PROMYS seeks to encourage mathematical habits of mind that support curiosity, creativity, collaboration, and independence in facing unfamiliar mathematical challenges.
- Students receive daily feedback from their counselors on their Number Theory problem sets.
- Daily Number Theory lectures, advanced seminars, exploration labs, mentored research, and dozens of minicourses and guest lectures on a wide range of mathematical topics.
- Fellowships are for students unable to participate in PROMYS without financial assistance.

**Apply by March 30, 2021: [www.promys.org](http://www.promys.org)**

***"PROMYS is all about thinking hard and having fun. Thinking and exploring really helped me grow intellectually."*** Vruddhi Shah, Mehta Fellow to PROMYS 2020

***"The way of PROMYS is absolutely amazing and unique. Their way of learning by collaborating and through discussions is the best possible way to learn something new."***  
Deepta Basak, Mehta Fellow to PROMYS 2019 & 2020

Boston University is an equal opportunity, affirmative action institution

We gratefully thank our partners and sponsors: Nick Nash & Phalgun Raju, Avi and Sandra Nash, Indira Foundation, Morph.org., American Mathematical Society (AMS), Boston University, Clay Mathematics Institute (CMI), Linde Family Foundation, National Security Agency (NSA), PROMYS Foundation, and private donors.
